5.3 Spa

Guests at Moonlight can enjoy massages in the privacy of the villa or in any outdoor setting. Traditional Balinese massage is a remedy that has been used by Balinese villagers for many generations to relieve muscular aches and pains and boost circulation after long days of toiling in the rice fields. Using a blend of flower oil and selected herbs, hands-on healing techniques are applied with a combination of skin rolling, gentle palm pressure, long kneading strokes, acupressure and reflexology.

Massage treatments are provided by an outside spa therapist, and a menu of options detailing the various treatments is provided in the villa's in-house documentation; the staff is on hand to assist with appointments.

6. Location

Villa Moonlight is located on the most southwesterly tip of the beautiful area known as The Bukit – a limestone plateau rising sharply from the sea, fringed by steep cliffs and some of the most idyllic beaches in Bali. Characterized by wide open spaces and clear blue skies, the turquoise waters are the playground of migrating whales. A tropical, equatorial climate means year-round balmy temperatures and, even in the rainy season, The Bukit – which is much drier than the rest of the island – is a reliable sun-trap. When the southeast trade winds blow offshore and the southern ocean swells hit the reefs, the barreling surf breaks are among the best in the world. The only other activity along the coastline is seaweed farming, still traditionally practiced by the original Balinese coastal families.

Villa Moonlight is only 30 minutes' drive from Bali's International Airport and no more than 45 minutes' from the endless shopping, vibrant nightlife and international restaurants of Kuta and Seminyak. The world-class [Bali Golf and Country Club in Nusa Dua](#) is a 25 minutes' drive, while the 18-hole, championship, [New Kuta Golf Course](#) at Pecatu is a mere 10 minutes' drive. This covers 85 hectares above Dreamland Beach, and was designed by Ronald Fream. Its signature hole, no. 15, commands splendid views. Ubud – Bali's centre for fine arts and cultural performances – is about 90 minutes' drive to the north. The remainder of the island offers a rich mosaic of cultures, tastes, sights and sounds, together with a wide array of activities, including tennis, horseback riding, dive schools, sailing cruises and much more.

7. Things to do

- Uluwatu is a very well known destination among surfing enthusiasts. Most of the surf spots are only suitable for advanced or expert surfers though - the waves are big here. The main surfing spots are Uluwatu, Dreamland, Padang-Padang, Bingin/Impossibles and Suluban.
- Ever imagined yourself flying? Bali Adventure Paragliding lets you do just that. Situated at the famous Uluwatu cliffs, a fully trained instructor assists you on a 20 minute tandem flight above Bali's most spectacular strip of coastline. Bali Adventure Paragliding is safe, secure and spectacular. So soar like a bird in the safe hands of your own pilot.
- Uluwatu Temple (Pura Uluwatu) is one of Bali's nine key directional temples. Though a small temple was claimed to have existed beforehand, the structure was significantly expanded by a Javanese sage, Empu Kuturan in the 11th Century. Another sage from East Java, Dang Hyang Nirartha is credited for constructing the padmasana shrines and is claimed to have attained Moksha here. Even more remarkable than the temple itself is its location, perched on a steep cliff 70 metres above the roaring Indian ocean waves. There are more steep headlands on either side and sunsets over Uluwatu are a sight to behold.
- The Bali Golf and Country Club Nusa Dua is located in the southern part and belongs to one of the best courses on the island. It's a huge 18-hole golf course situated on various locations throughout the area, near the beach, the hills or near the Nusa Dua entrance. Try to avoid playing in the sizzling sun during the day, mornings is best.
- The Nusa Dua beach is without doubt one of the cleanest and longest beaches in this southern part of Bali. Here you can do some water sports such as wind surfing, surfing, kayaking, jet skiing, para-sailing but also go on a tour with Quicksilver to Nusa Penida island.
- The best place for shopping near uluwatu areas is at the Bali Collection and also outside the gates in Bualu village. There's a special free hotel shuttle service to drop you off at the Bali Collection where various brands are represented. If you can't find what you are looking for than head over to Jalan Raya Seminyak for the many classy boutiques.
